## Project: "CAPITAL FORT"

Capital Fort is a large-scale multifunctional project situated at one of the fastest growing business districts of the Bulgarian capital – Sofia. The design team, led by A&A Architects has developed an outstanding project for the regional market, which combines contemporary and dynamic architecture with some of the most important features of a successful real-estate project. The concept design is developed in a cooperation between A&A Architects and the Atkins Design Studio. Capital Fort has quickly become a new city landmark and has triggered a new wave of large scale projects in Sofia.

## Project: „GREEN OASIS WADI AL DAWASIR”

The project “Green Oasis, New Town and Tradition of Land Use – Wadi Al Dawasir, SaudiArabien/ Saudi-Arabia” frames this project relative to the overall interest of Rainer Schmidt in research by design focusing on the philosophy “nature by culture”. The Green Oasis of Wadi Al Dawasir is being developed in the middle of the desert as a new urban center for the Wadi Al Dawasir region. Solar energy, gray water recycling, water recovery and optimized ways of construction make the oasis town energy-self-sufficient place and a milestone of sustainable town planning.
